17' ZODIAC RIGID HULL INFLATABLE

An aerial photograph of a coastal area. In the foreground, a large, dark, rippled body of water dominates the lower half. A small, white, two-story house sits on a sandy peninsula in the middle ground. To the right, a dredging vessel is visible in the water. The background shows a wide expanse of water leading to a distant shoreline with houses and trees. The sky is clear and blue.
